Application for change of group of adherence of Indonesia

Dear colleagues,

Indonesia has requested a change of group of adherence from Group I to Group II. The Executive Committee of the IMU unanimously recommends this change. Enclosed is the application from Indonesia.

Important change in procedure: In addition to postal or fax ballots, we will also accept ballots returned by email to office@mathunion.org under the following conditions. For an email ballot to be valid, it has to be sent from an address associated with your AO. If you are in doubt, please check the email I sent in mid-January of 2021 to each AO. If you are still in doubt, please contact me. If we receive conflicting votes from the same AO, we will notify you. If the issue cannot be resolved, the ballot will be deemed invalid. Postal ballots take preference.

A ballot form is attached to this email, and it will *not* be sent out by regular mail.

Please vote on the application from Indonesia using the attached ballot, and return it by mail, email or fax by

31 August 2021

to the address indicated on the ballot form.

Regards

Helge Holden
Secretary General of the International Mathematical Union
